

# Moving a push-pull coil tap switch from the tone control to the volume control; installing a ToneStyler

Ground wires & shields are NOT SHOWN

Solder all grounds & shields (  ) to one point, such as volume pot casing  
*Don't forget the bridge & body ground wires!*

Former tone pot = "New" Push-Pull volume pot

Reconnect original volume pot's input & output wires to the new volume deck on the push-pull control.
